

Being made Redundant?

Thousands of people are finding themselves facing redundancy as a result of the wide-spread cost cutting measures that are currently sweeping the country.

It is essential for anyone facing redundancy to obtain the correct advice before their employment is ended. Employers will often require their 'redundant employees' to enter into what is known as a 'Compromise Agreement'. This type of agreement prevents an employee from making any claim related to their employment and should not be entered into without professional advice.

We are currently helping a number of clients facing redundancy. If you are losing your job and need advice, call us now to arrange an appointment on Kendal 01539 729786 or Milnthorpe 015395 62263.
