“

*Milne Moser Solicitors made purchasing my business a very smooth and painless process!*

”

## business law

Whether you are contemplating setting up a new business, expanding your existing enterprise or simply need advice on a business related issue, we have the experience and the expertise to help you get it right first time.

### Business structure

Whether you are a sole trader or a joint enterprise, the structure of your business can be vital to its success. We can advise you on the implications of trading as a partnership or a limited company, and help you to decide on a fair profit sharing structure.

### Your business premises

Where you trade from can be crucial to your success. Our commercial property team can help your business find a home, either by advising you on the purchase of commercial premises, or by helping you fully understand the terms of your lease.

### Finance

If raising finance for your business is necessary, we can help explain what sources of finance are available and any potential legal implications. We can also advise you if your bank requires a form of security for their lending, such as a legal charge or a guarantee.

### Cash flow

We can help you to improve cash flow and protect your business against bad debts with a fixed fee debt recovery strategy.

Helm Crag, Grasmere © Jon Allison

### Employment

Our employment team can carry out a full health check on your contracts and procedures to prevent disagreements arising.

### Buying or selling a business

The buying or selling of a business involves complex terms which may have far-reaching consequences. We are here to help you make sense of those provisions and get the most out of your business deal.

### At your convenience

We understand that every minute is valuable when you are in business, which is why we are more than happy to meet with you at your place of business to discuss your requirements.
