ROAD TRAFFIC LAW

With the number of speed cameras and automatic detection devices increasing year on year, many people will find themselves asked to attend Court at some point in their driving careers. Meanwhile more and more individuals and families rely on their driving licences to meet family, career and financial commitments.

In short, your driving licence has never been such an important asset! We understand that protecting your licence can often mean protecting your family and your way of life.

A NATIONAL SERVICE

If you are asked to attend the police station voluntarily following a road traffic incident of any kind, Milne Moser Solicitors can offer representation at the police station 24 hours a day, 7 days a week entirely free of charge.

The police have our 24 hour contact information or, alternatively, you can contact our office to arrange an attendance.

Following any attendance we can speak to the police on your behalf keeping you up to date with the case affecting you.

If you are asked to attend Court in respect of a road traffic matter, Milne Moser Solicitors can arrange to represent you. In recent years, the Courts have tended to consolidate and reduce the location of Courts that deal with road traffic matters.

At Milne Moser we are able to arrange representation across England and Wales so please do not hesitate to contact us regardless of which Court you have been asked to attend.

EXPERTISE

From speeding to no insurance, from careless driving to causing death by dangerous driving; Milne Moser Solicitors have a long history of providing expert representation in all aspects of road traffic law.

Whilst some offences simply carry an endorsement on your driving licence, others can result in penalty points and disqualification. Some can even result in imprisonment.

Any matter that impacts on your driving licence and therefore your independence and lifestyle requires expert representation as soon as possible.

We are able to compile and present forceful arguments in Court with regards to the importance of keeping your driving licence, successfully retaining licences for clients who may otherwise have been disqualified.

Call us to discuss the particular circumstances of your case, because everyone is different!

THE COST

Milne Moser Solicitors hold a contract with the Legal Aid Agency. Whilst Legal Aid for road traffic matters has been reduced in recent years, we are able to advise on those circumstances in which it remains available.

Alternatively we can provide competitive quotations for private representation and can often offer to represent for a fixed fee.

Call us on 01539 729 786 for a free 30 minute appointment to discuss your case.
